TRANSPORT SHERIDAN STRIKES ON ROCKS

HONOLULU, Aug. 31.—The United States transport Sheridan is ashore on Barbers Point, the southwestern extremity of the Island of Oahu, on which is Honolulu. News of the grounding of the Sheridan was received from the wireless telegraph station at Barbers Point this morning, but no details of the accident have yet been learned. It is understood, however, that the steamer is on a coral reef. Arrangements are being made to send assistance immediately to the stranded vessel. The tug Fearless is the only vessel available at present. There is a lighthouse at Barbers Point. The Sheridan went ashore at 4 o'clock this morning. All efforts to send a boat ashore from here have thus far failed. There is no beach at the place she struck and the heavy surf makes it impossible to land anywhere near where she lies. As seen from the shore she appears to be hung up amidships and her rolling is noticeable. She lies broadside to the shore, her bow pointing toward Honolulu. The transport blew her whistles after going ashore, but did not get into communication with Honolulu until the wireless telegraph station was opened. Owing to the fact that the Sheridan is provided with water tight compartments, and has a double bottom, it is believed that she has sustained no serious damage. The tug Fearless has started for the scene and will render all the assistance in her power.

Native fishermen say that the Sheridan struck the shore last night. It is impossible yet to establish direct communication with her. Several inter-island steamers are going to Barbers Point to offer assistance.

The transport Sheridan, Captain Peabody, sailed from Manila on August 13 for San Francisco with a number of passengers, but no troops. She touched at Nagasaki on August 17 and was expected to arrive in San Francisco about September 8. The Sheridan is 445 feet 5 inches long and 48 feet 2 inches beam. Her gross tonnage is 3673 and her draught under normal conditions is 30 feet. She was built in Ireland in 1892 and was formerly known as the British steamer Massachusetts. During the Spanish-American war she was taken into the service of the United States government and her name changed to Sheridan in accordance with the plan of giving the names of eminent commanders to the army transports.

OPPOSING SIDES HOLD CONFERENCE WITH THE MAYOR

It Is Probable That an Agreement May Be Reached This Afternoon

SAN FRANCISCO, Aug. 31.—At noon indications for a settlement of the United Railroads strike were regarded favorable. President Calhoun of the Railroads conferred with Mayor Schmitz and later President Cornelius and Secretary Bowling of the Carmen's Union were closeted with the Mayor for over an hour.

SAN FRANCISCO, Aug. 31.—There were no developments this morning in the United Railroads strike. Each side is waiting for the other to make a move.

Meanwhile the big retail merchants who are suffering severely from the lack of traffic, are endeavoring to bring influence to bear to urge the contending parties to come up on common ground and it is probable that some sort of conference will be held in the near future.

The railways continue the work of fortifying and stocking their car barns and the strikers watch these preparations with apparent indifference.

Good order continues and no trouble is looked for while the cars are kept within the barns.

President Cornelius of the Carmen's union today made the following statement:

"It is all up to Mr. Calhoun now. We have made our final announcement of terms on which we will return to work, and now await his acceptance. I know nothing about any other possible basis of settlement. Certainly no order has been issued from these headquarters for the men to report for duty tonight, and I know nothing about any such order from the other side."

"Concerning the arrival of strike-breakers in the city, I have not heard of it. As an indication of Mr. Calhoun's stand in that matter, I am just in receipt of a letter from Baltimore in which one of our former members states that he was offered a position with the strike-breakers August 13. That shows how long they have been preparing to fight us."

WAS PULLIAM BOUGHT BOSTON BALL CLUB?

NEW YORK, Aug. 31.—A dispatch this morning from Boston says that it is persistently reported here that President Pulliam of the National League has got control of the Boston National club and that announcement of the deal is being withheld until the close of the present season. When Pulliam was here a few weeks ago he said that negotiations for the purchase of the Boston club were all a part of the high price asked for franchise, players and grounds, but never who are in a position to say that a deal has been consummated.

VICE-PRESIDENT TO OLD SOLDIERS

DODGE CITY, Kan., Aug. 31.—Vice-President Charles W. Fairbanks delivered a patriotic address here to several thousand old soldiers and others, drawn from all parts of the state, at the camp occupied by the veterans attending the annual reunion of the Kansas G. A. R. Later in the day Mr. Fairbanks took train for the west, bound for Boise City, Idaho.

BLOW SAFE AND GET LARGE HAUL

Robbers Escape Before They Are Detected.

BUTTE, Mont., Aug. 31.—A special to the Miner says: The safe in the saloon of L. E. Blanchard, at Elliston, thirty miles west of here, was blown up last night by robbers who escaped with approximately \$4000 worth of cash, checks, jewelry and other valuables. The job was evidently done by experts, as the safe door was blown off its hinges without awakening occupants of adjoining buildings. At last reports the robbers were still at large.

DISMISSED STUDENTS HOPE FOR PARDON

Several Involved in Scandal Again on Campus.

BERKELEY, Aug. 31.—With the re-appearance upon the campus of several of the students involved in the chemistry examination scandal of last spring, it has become known that several of the students were merely dismissed for the period of the spring term. A number of others were indefinitely dismissed, only one being expelled. The former have asked for a reconsideration of their case and they have been summoned once more before the Students' Affairs committee. As the province of the Student's Affairs committee is only to make recommendations, no decision has yet been made in the reconsideration of any of these cases. It is believed that the

\$20,000 IS DAMAGE DONE BY FIRE

Fulton Iron Works is Visited by Big Blaze

SAN FRANCISCO, Aug. 31.—Fire broke out in the Fulton Iron Works at Harbor view at an early hour this morning and before the flames were checked \$20,000 damage was caused. The works suffered severely in the April conflagration and had almost been completely restored when again visited by fire.

Student's Affairs committee will recommend leniency in one or two instances, but it remains for President Wheeler to grant pardons

CHINAMEN IN FURIOUS HATCHET FIGHT

Alameda Celestials Battle Over Money.

ALAMEDA, Aug. 31.—For a time this morning it seemed that there would be a serious highlander outbreak in this city, when Gon Doy and Wong Lo engaged in a serious battle between the high Chinatown fence on Lincoln avenue, near Park.

The infuriated Mongolians attempted to murder each other with a hatchet, and before their fellow countrymen could interfere Lo was struck with the weapon and painful wounds inflicted.

The Orientals engaged in a fight over money matters and Gon Doy suddenly grabbed a hatchet and rushed at his opponent. Escape for the victim was impossible as the gates in the fence were all closed and the pursuer was close on the trail of Lo. Around the yard the men rushed until Doy brought the hatchet down with terrible force on the arm of the other Mongolian. The shrieks of the wounded man attracted the attention of his fellow countrymen and they rushed to his assistance as the infuriated Celestial again started to attack him.

The man was finally disarmed and the victim of the assault went to Justice Tappan's and swore to a complaint charging Doy with assault with a deadly weapon. Doy was arrested an hour later and is now detained at the police station. He alleges that he acted in self defense.

BUZ-WAGON ACCIDENT NEARLY FATAL

A Cleveland Society Girl Crashes Into a House.

NEW YORK, Aug. 31.—Miss Frances A. Sarsted of Cleveland, Ohio, who is a patron of the Hotel Astor, had a narrow escape from being seriously injured last night at Twenty-seventh street and Broadway, when the automobile in which she was riding skidded on the wet asphalt and crashed into a small building used for storing repair tools, which collapsed on top of her.

Miss Sarsted suffered several bruises and lacerations, but refused medical aid, calling a cab instead, and being driven back to her hotel.

The crash was heard by the crowd, many of whom ran to the automobile and lifted it up. Policeman Howe and Henry Chalmers, of No. 251 Dearborn street, Chicago, a delegate to the Bryan reception, crawled under the building and pulled Miss Sarsted out.

EXPECT PEOPLE'S SUPPORT FOR RUSSIA

ST. PETERSBURG, Aug. 31.—Premier Stolypin has sent a circular to the governors instructing them not to be dismayed by the threats or acts of the terrorists as he is sure the population generally will eventually come to the support of the authorities in the war against revolutionists.

The court which has been hearing the charges against newspapers has permanently suppressed the Nash's Shinn for violation of the press laws. M. Vedvovskoy, its editor, has been sentenced to a year's imprisonment in a fortress.

HEAR REPORT OF REALTY EXPERT

Cases of Ten Owners Considered—More Property-Owners Are Cited.

The values placed on the property of the ten owners who were cited to appear before the Board of Equalization last night by G. C. Calden, the realty expert who has been retained by the Equalizers to assist in equalizing the assessments, are about \$100,000 higher than those fixed in the regular city assessment.

In determining his estimates of the value of the several pieces of realty in question, Calden stated that he had taken into consideration the prices for which adjoining property had been sold.

Last night only ten properties were considered by the board. There will be several hundred more to be equalized and if Calden's figures are accepted by the board it will mean that the city's assessments will be increased to a large degree.

Testimony was taken last night in the ten instances in regard to the cash value of the property. The fixing of the assessment was taken under advisement.

Assistant City Attorney O'Brien acted as the legal adviser of the board and submitted the questions in regard to the cash value of the properties in question on March 1 of this year. D. Calvin gave expert testimony as to the value of the property.

FIRST ONE CONSIDERED.

The first property considered was that of Susan Miller, lot 1, block 17, Fountain place, assessed at \$2400. The owner was not present and Expert Calden fixed the cash value of the property at \$16,500.

Second—Property of George A. Douglas, south 48 1/2 feet of lot 2, block 17, Fountain place, assessed at \$2300. Calden fixed the cash value at \$13,950.

Third—Property of S. F. Tucker and L. D. Bentley, lot 3, block 17, Fountain place, assessed at \$4000. Cash value fixed by Calden at \$27,900.

Fourth—Property of Elizabeth Hampe, north 48 1/2 feet of lot 4, block 17, Fountain place, assessed at \$2300. Hampe was present and said that the property should be assessed at \$4000. Hampe stated that he would not sell the property for any more and did not believe that it should be assessed at a higher figure than \$4000.

Fifth—Property of J. C. Velch, lot 1, block 17, Fountain place, assessed at \$4000. Calden fixed the cash value at \$28,000.

Sixth—Property of J. C. Velch, lot 5, block 17, Fountain place, assessed at \$4000. Calden fixed the cash value at \$32,000.

Seventh—Property of W. G. Henshaw, San Pablo avenue and Grove street, assessed at \$3800. Calden fixed the cash value at \$41,500.

OWNER PRESENT.

Eighth—Property of Robert G. Schaeffer, San Pablo avenue, between Twentieth and Twenty-first streets, assessed at \$15,250. Schaeffer was present and stated that the assessment should be fixed at \$18,000. He values his realty at \$25,000.

Ninth—Property of Nina D. Crittendon, San Pablo avenue and Twentieth street, assessed at \$30,000. Calden fixed the cash value at \$34,400.

Tenth—Property of William Chitt, San Pablo avenue and Twenty-first street, assessed at \$18,000. Chitt was represented by Attorney Seales, who stated that the assessment should be fixed at \$30,000, as it is valued at \$23,000. Seales stated that the property would not bring any more if sold and was to be used only for home purposes. Calden fixed the cash value at \$27,650.

The following property owners were cited to appear before the board on Thursday night, September 6.

This sale is certainly a wonder—a success without a parallel. You men know that a Keller Sale is as honest as sunlight—that our bargains are real, not imaginary—and the selling is nothing short of unprecedented. But the sale is only in its infancy as yet. It was not started to glimmer and flash out after a few days of fervor and enthusiasm, and there will be no let-up to the value giving or swift selling until the builders finish their task—until we can say that our stock is rid of all incomplete lines.

The Famous Keller Suits

[Broken Assortments, Surplus Stocks and Styles to Be Discontinued] AT SHARPLY REDUCED PRICES

We desire to give special emphasis to the fact that every reduction is bona fide—genuine—exactly as stated. Some stores have a trick of marking up the regular prices of their goods so as to make the advertised reductions look larger than they really are. Such tactics don't go here. We have too great a respect for your intelligence to attempt to humbug you.

MEN'S SUITS \$10.00—Reduced from \$12.50
You might fairly expect to get cheaply made suits and by-gone fashions at this small price—but never such well-built, stylish, good looking and sturdy wearing suits as these. The opportunity is altogether too good to be missed. **\$10.00**

MEN'S SUITS \$12.00—Reduced from \$15.00
These suits were great money's worth before the reduction—you know our reputation as value-givers. Don't expect to find all sizes in every style—there are many dwarfed lines in the lot. But you can come with confidence that we can fit you in some style—and it will be a style that will please you. **\$12.00**

MEN'S SUITS \$14.80—Reduced from \$18.50
A great big lot—altogether too many styles to go into details. Splendid suits—every single one of them. And right here we want to say that all the suits in this sale possess SNAP, —ORIGINALITY—QUALITY. Every cent you save is safely saved. You don't sacrifice anything to style or service by the economy. **\$14.80**

MEN'S SUITS \$16.00—Reduced from \$20.00
Single or double-breasted suits of high cost fancy worsteds, chevots and tweeds. Down to the minute in fashion, and as full of snap as a whiplash. Equal to the best productions of the average tailor who makes to order. **\$16.00**

MEN'S SUITS \$20.00—Reduced from \$25.00
The monarchs of ready-to-wear. Built to meet the exacting requirements of business men, lawyers, doctors and others whose vocations call for fashionable attire of a superior quality. So carefully tailored that they make the work of the ordinary custom tailor look slipshod and shapeless by comparison. **\$20.00**

BOYS LECTURED AND SET FREE

Willie Beretta and Tony Pedoni, the two small boys who were arrested on suspicion of having stolen several bicycles in this city, were given into the custody of their parents last night by Chief of Police Wilson.

The two boys wept bitterly during their incarceration in the juvenile ward of the prison. Before being released they were given severe lectures, as were their parents.

The two boys were found in possession of a wheel that had been stolen from Miss Ella Sanderson while it

HEARS HUSBAND IS ILL AND IN SAD NEED

Suffering from malarial fever and other diseases consequent to his visit to the Nevada gold fields in an effort to secure gold, Louis Allen Bradley has been unable to communicate with his wife, who resides at 820 Thirty-third street in this city. For three weeks Mrs. Bradley heard no word from her husband, who left his home without announcing his intentions. Mrs. Bradley reported her husband's disappearance to the police, as she feared that he had met with foul play. A letter has now been received from

JUDGE THREATENS MISSING WITNESSES

Patrick Boyle did not appear in Department Two of the police court this morning to testify against William McMullin, whom he had had arrested on a charge of battery. Judge Samuels issued a bench warrant for Boyle and he will be brought into court to show cause why he did not obey the summons of the court.

Judge Samuels commented on the large number of defaulting witnesses that had been in his court and he stated that he would put a stop to the practice if he had to place some of the witnesses in jail as an object lesson. McMullin is accused of battering Boyle during a street brawl at First and Broadway.

OBJECT TO NEW LICENSE

Residents Protest Against Establishing of Saloon in Vicinity.

Twenty-six residents in the vicinity of Seventh and Adeline streets entered a protest last night against the granting of a liquor license to N. Rizal and C. Valva for a saloon at the northeast corner of Seventh and Adeline streets. The protest was considered by the license committee of the City Council.

It was declared by the protesters that the proposed saloon is in a residence district and therefore objectionable.

The committee recommended the granting of the license, Councilman Meese being the only member opposed to it.

Other licenses that were recommended granted are as follows:
D. Kralie, 472 Eleventh street; E. Laoyel, 553 Washington street; B. Solari, 4797 Telegraph avenue; Keller & Maurer, 1651 Broadway; Bert Morgan, 655 Broadway; New Fong & Co., 810 Eighth street; Mondragon & Sarabia, 820 San Pablo avenue; M. Davoust and D. Parlier, Eighth street and Broadway; N. Rizal and C. Valva, northeast corner of Seventh and Adeline streets.

WILL DEDICATE NEW SENIOR HALL

BERKELEY, Aug. 31.—The new senior hall at the University of California on which work was started a year ago, will be dedicated two weeks from next Wednesday. The structure was planned by Prof. John Galen Howard and erected under the supervision of Prof. Stephens and a committee of the class of 1906.

The dedication exercises for the hall will be in charge of six appointed by President Dole of the Senior class and Ralph Merritt, president of the Associated students.

The hall is a log building located just east of the Faculty club in Coe canyon. The building is a large one, but contains only one large room. It will be used as a place for committee meetings and a general club room.

THIEF DISAPPOINTED.

The thief who stole the tan-colored grip of F. W. Pearce of 1311 Peralt street, in the Owl Drug Store yesterday, secured a bunch of labels and drummers drug samples for his trouble. Pearce reported the theft to the police and stated that he believed the thief would be disgruntledly surprised when he found the contents of the value Pearce valued the grip and contents at \$45.

BOY MISSING.

Ten-year-old Fred Harris is missing from his home at 925 Thirty-sixth street and the police have been asked by his mother to institute a search for the missing boy.

Fred has been away from home for several days. He is described as being dark complexioned, with brown hair and eyes. The lad wore a black suit and a blue cap when he left home.

Guaranteed Cure for Fits

A new method of home treatment for epileptic fits, originated by a famous Washington scientist, with all the government laboratories at his hand, has been discovered. Elmer Kossine is recommended for only one disease—epilepsy or fits. It is so infallible in curing this dread trouble that its discoverer has instructed the local agents in this city. The Owl Drug Company, to sell it under their absolute guarantee to refund the money if it fails and he will pay them for the remedy, himself. When used according to directions it can no more fail to cure epilepsy than can the sun fail to rise, but this guarantee is made to inspire perfect confidence.

Both sexes, young or old, who have any symptoms of epileptic fits, any nervous twitches or tremblings, should use Elmer Kossine at once, the only guaranteed cure. Price \$1.50. Mail orders filled. The Kossine Co., Washington D. C., or The Owl Drug Company, 15th and Broadway, Oakland, Cal.

TO PURCHASE PARK LANDS

Committee Recommends That
Ordinance Be Passed to
Print.

The auditing and finance committee of the City Council last night recommended that the ordinance appropriating \$17,000 for the purchase of additional park lands south of Lake Merritt, be passed to print.

This property is bounded on the north by Twelfth street and East Twelfth street, on the east by First avenue, on the south by East Eleventh street, and on the west by the park property already owned by the city.

Mayor Mott will be authorized by

the ordinance to purchase the property as he is handling the matter of establishing the park.

The property to be purchased under the ordinance completes the section south of Twelfth street to Eleventh street, and between First avenue and the west line of the park lands.

Model Glasses

Fitting glass by the average optician is a very rough and crude affair. The bridge presses awkwardly on the nose or the temples bind the ears. Many times one glass sets closer to one eye than to the other, and too often the wearer does not look through the centers. These are serious matters, and can be avoided by getting glasses where they are made—from us.

DEPUTY MASSEY IS DISMISSED

"I Want No Mashers On My Staff," Says Constable Morris Lane

"I don't want any mashers on my staff," so spoke Constable Morris Lane yesterday when he revoked his appointment of Jack Massey as a deputy under him.

Massey, who started a theater in West Oakland, was given permission to wear a star without pay, for the sole purpose of keeping peace in his playhouse. Since he has been wearing the badge he has been accused of luring young girls from their homes.

Those who have made accusations against him are L. Johnson of 68 Sixth street, who says that he made love to his young daughter, Hazel, and Fred Krohn of 73 Seventh street, who says that Massey tried his wiles on his daughter, Minnie Krohn. Both of these fathers complained to Chief of Police Wilson. Both of the girls are under 15 years of age. Massey has been an actor and it is thought that he has told alluring stories of the stage to the girls.

Whenever he was talking to the girls or questioned, Massey would show his star and say he had a right to be where he was.

He is a man 35 years of age. Since Krohn and Johnson complained to the police he has not been seen in his usual haunts, especially as both men have threatened to horsewhip him.

DOLBEER WILL CASE RESUMED

Contestant Tries to Prove That Deceased Heiress Visited a Seeress.

SAN FRANCISCO, Aug. 31.—The contest brought by Horatio Schneider to break the will of the late heiress, Bertha Dolbeer, was resumed yesterday before Judge Coffey in the Superior Court. The main questions at issue concerned the health of Bertha Dolbeer, her calling and her life in general, together with an unsuccessful attempt to make it appear that the heiress and Miss Eliza May Warren were in the habit of consulting Ismar, a seeress.

Miss Warren was again the sole witness and was examined with minuteness by the attorneys for the contestant, evidently imbued with a determination to leave no portion of Bertha Dolbeer's life unexamined.

During the forenoon session Miss Warren testified that Miss Dolbeer consulted with Dr. Lewitt. She admitted that the young girl had been troubled with insomnia, but denied any detailed knowledge.

"Then you had no feelings in the matter save a desire to attend your duties," she was asked.

"On the contrary, I was very much interested in her."

"Who visited at the house during the three months that Miss Dolbeer consulted with Dr. Lewitt?"

"Virginia and Mary Joffe, Mrs. Watson, William Carson, William Morgan, Mr. and Mrs. Jack Spreckels, Milton A. Latham and Will Horn were among the callers."

"What did the entertainment consist of?"

"It consisted of conversation and playing pool. Occasionally some one would sit down and play the Angelus."

Then followed a long line of questions as to Miss Dolbeer's health.

Miss Warren replied that Bertha Dolbeer rarely complained, and that she could remember no occasion when she spoke of having a headache. She replied also, in answer to questions, that Miss Dolbeer breakfasted in her own room, and that breakfast was served whenever she rang the bell.

Practically all of the afternoon session was occupied by the questions Attorney de Golla, for the contestant, asked concerning Ismar, although Miss Warren denied that she knew Ismar or had ever heard of her.

"Did not Miss Dolbeer consult with Ismar?"

"Not that I knew of," was the reply.

"Is it not a fact that Miss Dolbeer presented Ismar with an automobile?"

"It is not."

Finding no satisfaction in that direction, the lawyer endeavored to secure admissions from the witness that she was acquainted with Ismar, in common life known as Mrs. Otto W. Fellage. He wanted an admission that Miss Warren had telegraphed Ismar concerning the death of Bertha Dolbeer, all of which the witness denied, stating that she was not acquainted with the seeress. De Golla asked also concerning Niblo, a necromancer, but Miss Warren said that she was unacquainted with Niblo, did not know the man referred to and had not studied necromancy.

Miss Ethel Hager will go on the witness stand today.

SUICIDE STIRS UP SOCIALISTS

Charge Home for Blind With Criminal Graft and Inhuman Cruelty.

Charges of inhuman cruelty, criminal graft, injustice and incompetency have been made against the Home for the Adult Blind of this city by the Alameda county Socialists. These charges are the result of the suicide of William H. Peterson, the blind man and Socialist, who killed himself last Monday by sending a bullet into his mouth. Peterson was expelled from the home for the blind on August 14, and this is supposed to have been the cause of his putting an end to his existence.

The following resolutions were passed by the Alameda County Socialists at their last meeting on August 27:

"Resolved, That the Socialist party of this county charges the administration of the Home for the Blind at Oakland with the murder of W. H. Peterson, a blind laborer, who was expelled from the home because he dared to protest against the criminal negligence and despotic acts of the officials of the State home; that we charge the administration of this home with violating every instinct of charity and humanity in casting out upon the world to starve in helpless destitution a man who was profoundly entitled to humane charity by reason of his long service as a workingman before he was rendered incapable of making a living on account of his loss of sight through an explosion—one of the usual misfortunes of capitalist employment—and also by reason of his satisfactory service as a worker in this home for eleven years, as proved by his record."

"Resolved, That we charge the administration of this home with sheer incompetence, with criminal graft, with inhuman cruelty, with criminal negligence and with denial of justice to the helpless poor confined to their tender charity."

"Resolved, That we are prepared to substantiate each and every one of these charges before a court of law, the Grand Jury or any competent body of investigators."

"Resolved, That we appeal to the working class of this State and to all the citizens of California on the grounds of common humanity to demand that the officials be driven out of the public service and that the affairs of the home be placed under the management of men who will conduct it in such a manner as to fulfill its proper function as a social institution for the benefit of blind working people, and not for the benefit of a heartless crew of grafting political puppets."

"Local Alameda county Socialist party of California."

"T. GAMMELL, Chairman."

"E. F. FRIEDRICH, Secretary."

"W. M. DEWITT, Organizer."

The trouble which occasioned Peterson's discharge from the institution is said to have been caused by his remark to the superintendent that unless some brooms which were lying around were removed another man would be killed. The superintendent, a blind man, stumbled over these obstacles and died from the effects. In the altercation Peterson called the superintendent a liar and would not apologize for this remark.

OFFICIALS TEST NEW INVENTION

New Dust-Laying Compound for Streets Satisfies Mayor Mott.

Tests for a new patented dust laying compound for public highways were made yesterday on Tenth street, between Washington and Market streets, under the direction of A. S. von Westrum of Chicago, brother of the inventor. The tests which were the first ever made west of Chicago, were witnessed by Mayor Mott, Superintendent of Streets Ott, and officials of the Oakland Traction Company and various street contractors and officials from Alameda and Berkeley.

Von Westrum, the inventor of this compound, worked on his discovery for eight years with a cost of \$100,000, before he had perfected it. He was so well satisfied with it finally that he decided to send his discovery to America. Mayor Mott learned of the new compound and arranged to have it tested in Oakland. Some of the stuff arrived here shortly after the fire, and the expert came a few days ago to test it.

Concerning the experiments, Mayor Mott said yesterday: "The estimated cost of sprinkling the streets with frost water for the current fiscal year is \$30,000, and the work cannot be satisfactorily done. If this test proves successful I shall urge the use of the new compound throughout the city. For it will mean a preservation of our streets at a cost greatly below that of water sprinkling. After the first treatment has been given, the

compound is not like crude oil in that it is mixed with water after the first coating is put on and streets need to be covered only once in two weeks instead of almost hourly, as is necessary when water, which evaporates almost before it touches the streets, is used.

"Our streets must be preserved and must be kept in good condition. That is the light I am trying to make all of the time."

MAKES STUDY OF INDIANS

Completes Investigation of Ceremonies, Myths and Religion of Mission Indians.

BERKELEY, Aug. 31.—The ceremonies, myths and religion of the Lumino or Mission Indians of Southern California, are the subjects of important investigations which Miss Constance Goddard Du Bois has just completed for the University of California in connection with the ethnological and archaeological survey of the State. Miss Du Bois spent a month in the remote Indian village of San Juanito, in Eastern Shasta county and succeeded in recording several rare and almost forgotten creation myths of these people.

In connection with their sacred spiritual beliefs, the Indians of this region are believed to see reproductions of their land and paintings, which resemble the famous elaborate figure made with oiled earth by the Navajo Indians of New Mexico. The latter, however, have not been made by the Lumino for fifty years, and Miss Du Bois' discovery of them is due to her personal acquaintance with the Indians and their shamans, who had passed through the initiation ceremonies of the tribe in their youth.

Photographs and diagrams of these paintings were taken and will be published in connection with the other results of the investigation in a bulletin to be issued by the university. It is expected that this new information will not only throw light upon the religious and spiritual rock paintings and rock carvings that abound in many parts of California, but will also throw new light upon the various studies among the Mission Indians, and so an active member of the California branch of the American Folk-Lore

New Elements in Municipal Life.

Recent developments in Oakland have introduced new elements into its municipal life. Some of them are cordially welcomed; others can be fairly classed as undesirable, as they consist of the riff-raff of the stricken city across the bay. These have obtained an asylum here, and finding the field a favorable one for their nefarious purposes are pursuing their criminal instincts by preying upon the community. The acquisition of this element is as unfortunate as it was unavoidable, and even though it may not be possible to totally eradicate it, no leniency can be expected to be displayed in keeping it under control.

But this element may be regarded as the negligible quantity in Oakland's recent acquisitions, for the increase in the criminal element is one of the natural penalties of municipal growth. Even the Chinese colony, which San Francisco was wont to denounce in pre-conflagration times as a municipal ulcer and which it has, since the fire, been endeavoring to placate, by inviting it in the most seductive terms to return, has found a congenial home in Oakland and added immensely to the value of land in the industrial district in which it has located. The fire has demonstrated conclusively that the anti-Chinese agitation in San Francisco was a sham, and was kept alive for political reasons only.

But the elements which have lately been introduced into Oakland's municipal life, over whose acquisition it has a right to rejoice, are the large business and manufacturing concerns which sought refuge here immediately after the great calamity that destroyed their former establishments, and which have since discovered that they can carry on their respective businesses here to a greater advantage, in many respects, than they were previously able to do in San Francisco. These have become, through experience, thorough converts to the natural advantages of Oakland's location. Some of them are temporarily inconvenienced by cramped quarters; but that will be corrected in the course of time.

Then, again, new blood has been injected into the civic organism, by the location here of active, enterprising and progressive men who are taking a lively interest in local affairs for the general betterment of Oakland's condition. Among them are some of the most earnest workers in former days in San Francisco for the improvement of that city and the development of its commercial, industrial and financial interests. The spirit which possessed them across the bay and actuated their conduct there, has been brought here with them, and they are devoting their time and their talents to the same purposes in this city, stirring our commercial bodies into a new and more energetic life, and advocating public improvements, cleaner streets and a closer attention to the general welfare, with all the energy which characterized their efforts and won success in the metropolis. We find them appearing before our commercial organizations urging co-operation for cleaner and better paved streets and promoting important enterprises, such as the erection of attractive tourist hotels and other institutions, whose introduction cannot fail to enhance the city's prosperity. These additions to our civic life are heartily welcomed, and they compensate amply for the unavoidable evils which must accompany an unusual growth in population, besides assuring the city's future progress and prosperity.

In the repairing of macadamized roadways it is nonsensical to substitute street sweepings and muck as a finish to the new macadam and as a substitute for screenings, as is being done. The practice is fraudulent at best, and should be abandoned.

Bryan has returned to the country from his tour around the world. Sullivan, to whom he so strenuously objected, is still on the National Democratic Committee, however. The question is, therefore, a living one—will Bryan decline to be the Democratic nominee because of Sullivan's retention and endorsement by the Illinois convention, or will he eat crow and accept it without further opposition to Sullivan?

The hodcarriers of San Francisco are now demanding an increase of wages from \$4 to \$5 per day. There is certainly a reasonable limit somewhere to the value of unskilled labor, and without any intentional disparagement to the hodcarriers, it seems to have been reached in their case. This is no time for industrial dissension in San Francisco for dissension's sake. The trials of that city are so acute at present that it is time loyalty to principle and equity should have a hearing, otherwise every effort at rehabilitation must stop.

The Persian Premier's decision to grant the country a constitutional government is now regarded as a British triumph over German intrigue as well as a confusion of Russian designs to secure a footing on the Persian gulf. Germany's ambition has been to obtain a trans-Caspian outlet to the Indian ocean through railroad concessions in Asia Minor from Turkey and similar favors through Persia from the Shah which the new political program is assumed to have effectively blocked. If so, British influence at Teheran has succeeded in killing two birds with one stone, and erecting a permanent bulwark of defense against all foreign aggressive designs on India.

When Bryan was asked to express his views on the future of Russia, he presented it in a nutshell in the following sentence: "No one can say what experiences Russia will pass through in the next few years; but it is possible to say that she is going to have an excellent form of government." The latter result may be obtained, however, only through the extinction of the Romanoffs, toward which the whole current of events is now shaping itself, unless the dynasty makes a complete surrender to the demands of the people, the Grand Ducal cabal excepted, for a strictly constitutional government, in which the imperial family will resolve itself into a simple governmental figurehead.

RED-HEADED.

A typographical error has raised a question in New York as to the color of Tom Watson's hair. It is red. He is a red-headed man both as to poll and temperament. His politics is red-headed. He was a red-headed Democrat before he became a red-headed Populist and while he remained a Populist he was the red-headedest member of the organization. He is again a Democrat and a red-headed champion of Hoke Smith for governor of Georgia. His vocabulary is red-headed. Whether praising his friends or denouncing his enemies, he sees red and talks and writes red. First and last, and in every way, he is a "warm" proposition. The color of his hair is the index to the man. Not unlikely the heat of this summer is in part due to the fact that Mr. Watson is again in political eruption.—Washington Star

Overlate Russian Concessions.

The Czar and his advisers have the knack of delaying the introduction of reforms until a time when the concession ceases to possess any virtue and is wholly incapable of allaying the popular irritation which procrastination and obstinacy have produced. The course of the Russian government regarding the disposition of the crown lands is a case in point. For nearly two years the Russian peasantry have been demanding the expropriation of the landed estates and the crown lands and their subdivision among themselves. The government's irresponsible and vacillating policy stirred the peasantry to a state of open rebellion in many of the provinces and the seizure of the landed estates, the murder of the land-owners and the commission of other acts of violence have followed.

The recent manifestations of disloyalty in the army, following the mutinies in the navy, and the still more recent operations of the Terrorists have brought home to the Russian government a clearer consciousness of its grave peril than it was possible for any previous experience to produce. It is, therefore, proposing now to sell nearly one-fourth of the crown lands, or something over 4,500,000 acres out of the total area of 20,000,000 acres contained in the imperial domain, to the peasantry through the Peasants' Bank, which was organized during Witte's premiership for the purpose of carrying out his plans of settling Russia's agrarian troubles. This concession is evidently made now with the expectation that it will restore the disturbed allegiance of the peasantry to the dynasty, for the loyalty of the peasants and of the army has been its mainstay in the past.

At the beginning of the agrarian agitation in Russia such a concession would probably have effected its purpose. It comes too late now. The revolutionary propagandists have educated the Russian peasants everywhere in the belief that the crown lands and the great landed estates which have been created through the agency of the government are their legitimate property and that each peasant is entitled to an equal allotment. In some of the provinces the peasants have proceeded on this theory, slaughtering the landlords or forcing them to flee from the country and subdividing the estates among themselves. They are at present in actual possession of these allotments, every effort to dispossess them by persuasion or the application of force having failed. It will be impossible at this late day to convince the Russian peasant that the only way he can acquire legal title to the land is through purchase. The imperial concession regarding the disposition of the crown lands in the provinces of Samara, Saratov and Simbrisk cannot, therefore, solve the agrarian problem or pacify the peasant malcontents.

WHAT IS THIS COIN WORTH?

OAKLAND, Aug. 28, 1906.

EDITOR TRIBUNE: I have a gold dollar in my possession dated 1853 on one side the head of Liberty, surrounded by thirteen stars on the other. Please inform me through your valuable paper what it is worth, and oblige.

Yours respectfully, M. A. RAWLANDS.

(Don't know what a collector will pay for it, but it is intrinsically worth one dollar. Inquire of some numismatic or jeweler what is its market value.—EDITOR TRIBUNE.)

THE MUCK-RAKER.

He sang of the glory of cities,
Of pillar and spire and mart;
Of domes unrequited and of God still feared,
Of good in the human heart.
He sang of the hopes, uplifting,
Of duty made clear and clear,
But they called him an idle dreamer
And few of them came to hear.

He sang of the Shame of Cities,
Of hearts that were wholly bad,
Of reeking filth as the Devil's tilth
Of the human soil he had.
He sang of the soul as evil,
Of mankind as vile and mean,
And they heard and called him Prophet—
The Prophet of Things Unclean!

And one was the thrush at even
Whose song as the twilight came
Like a benediction uttered
To lift up the soul from shame;
And one was the beaked vulture
That screamed as it took its toll
In stench and shred and morsel
From the filth of a rotting soul.

Men's Fall Suits \$18.00

We ought to price these suits \$25.00.

Most clothes shops would.

The fact that we maintain the same high standard and the same low price notwithstanding the great rise in the cost of woollen fabrics proves conclusively the great resources and the tremendous strength of the "HUB's" organization.

These suits are "just a week from Broadway," are fashioned in the latest fall style, and show evidence of brains and skill in every inch of their construction.

The coat is the new length, the skirts are cut very loose, with the waist line slightly indicated, giving the military effect that has been pronounced the proper caper for fall.

The shoulders are broad and athletic; the collar close fitting, with the peak lapel slightly lower than heretofore. The suit is lined with a good quality Venetian

The trousers are the peg top, broad and full at the hip and tapering down to a rather narrow bottom, affording a hang to the trousers that is most pleasing.

The material is a novelty worsted in a stunning dark gray invisible plaid.

They are Really Worth \$25.00

Mens Shirts Special \$1.50

We have taken all of our broken lots of men's shirts, worth up to \$2.50 and marked them at a figure that behooves you to make an early visit here Saturday—they won't last long at this price.

The shirts are in a great variety of popular patterns; blue, pink, white, gray and browns, in stripes, checks, polka dots and solid colors; the materials are Oxford, Macras, Woven Madras, Percale, French Percale and Cheviots; \$2.00 and \$2.50 values.

Boys' Norfolk Suits, Extra Pants, \$3.95

We made a very advantageous purchase of one hundred boys' Norfolk Suits, with extra pants. They were made to sell for \$5, \$6, and \$7. Saturday we place them on sale at a price that means a rare saving to you.

They are made of a very excellent quality of tweed in fancy check effects. They are tailored with the strictest attention, to the prevailing mode, and are specially adapted to youngsters who indulge in strenuous outdoor sports. The seams are all taped and sewed by hand, well lined, pockets extra stayed and extra durable waist band to pants.

We include in this sale all of our broken lots of two-piece suits, in fancy mixed worsted, tweeds and blue serge.

Sizes for boys from 8 to 15 years of age.

STORE CLOSED MONDAY LABOR-DAY

We consider no transaction complete until goods are to your entire satisfaction.

GO EAST TO CONVENTION

Local Engineer Candidate for Office—Wants Next Session Here.

T. J. Roberts, a well-known steam engineer of this city, is to leave shortly for Milwaukee as a delegate to the international convention of steam engineers to be held in that city for ten days beginning September 10. Mr. Roberts is to represent the Oakland Local No. 57, International Union of Steam Engineers and is one of two men to go from California, the other being from San Francisco.

Mr. Roberts intends to make an effort to bring the next convention of the order, that of 1907, to Oakland. He is also a candidate for election to a position as one of the general vice-presidents of the order, having been endorsed by all the local unions in California for the place.

The International Brotherhood of Locomotive Firemen, of which Mr. Roberts is also a member, meets in Milwaukee at the same time, and he will thus be permitted to attend some of the sessions of that body.

MODERN HOTEL TO BE BUILT

Lakeshore Subscribers Hold Enthusiastic Meeting—Charles Newman to Lend Aid.

A regular meeting of the "Lakeshore" subscribers was held at the offices of the San Francisco and Oakland Building and Realty Company on Thursday.

Mr. Greenfelder opened the meeting by reading a statement of additional subscriptions received since the last meeting and stated that only the limitation of subscriptions was that of time of calling upon those desiring to subscribe.

We thank the press cordially for their hearty support of this enterprise for the upbuilding of Oakland.

NEED OF HOTEL.

As one of the papers lately stated: "While a few substantial business blocks are now in progress, Oakland property owners are letting their opportunities slip in not displaying greater enterprise in providing locations for business enterprises. The same applies very strongly to hotel accommodations, for we have lost hundreds of possible investors and locators in Oakland who could not obtain first-class accommodations they are accustomed to."

Another paper lately stated: "If we would excavate and build a hotel in the heart of the city, we would have a head and the stock would find a market."

PROJECT TO GO THROUGH.

We do not propose, as they did in Portland, with the same popular subscription proposition, namely: Begin building with the first money received, and then lie dormant for two years. We want the money in hand when we begin to carry it through to a successful completion at once.

CHARLES NEWMAN'S STANDING. Portland Hotel stock is now worth \$130 per share, and we predict the same rapid advance for the Lakeshore proposition and as investors are assured of 6 per cent interest and a share in the profits by Charles Newman who has agreed to pay 7 per cent on the amount invested to purchase and erect the building.

As to Charles Newman's standing in the community, the following letter, which was received yesterday, was read:

San Francisco, Cal., Aug. 27, 1906. Charles Newman, care Lakeshore Hotel Company—Dear Sir: After returning from a three months' absence, I am glad to hear that you are interested in a company that is erecting a large hotel and desiring to invest about \$15,000 in a house of that nature. I have taken the liberty of making a personal interview with you regarding the same, and also to have your personal advice in the matter. I desire this by reason of the fact that I have a personal confidence that not only I have in you, but also the general public, as well as your reputation for honesty and integrity and a successful business man, prompts me to feel that I could rely upon and be guided by your advice, and on the strength of same would be willing to place the same amount of \$15,000 in your hands and would feel perfectly safe that the same would be well invested.

Awaiting an immediate reply, I remain, This is one of the many similar offers made to Mr. Newman for capital in addition to the aid for the hotel, as every one recognizes the merit of the proposition and also the substantiality of the men backing it.

UPBUILDING OF OAKLAND.

A list of the present subscribers is open to the investing public at the offices of the company, without any obligation to purchase, for all that we desire is the upbuilding of Oakland and the metropolitan position that it desires, in conjunction with its sister city, San Francisco. Since the return of Mayor Mott active work is being shown in the purchase of the land on Lake Merritt for park purposes and the delightful situation of the Lakeshore Hotel is being still more rapidly appreciated by the merchants and property owners of this city.

Mention was made of the fact that the Southern Pacific Railroad Company does not give the citizens of Oakland any through train to Santa Cruz and Monterey, and at present is only furnished two trains that connect at Santa Clara. It both are on time, but if the Oakland train in ten minutes late passengers must wait indefinitely, and the same applies to passengers who desire to come to Oakland from south of Santa Cruz.

"With the building of the Orpheum Theater and the coming of the Columbia Theater attractions this winter, the Macedonia," said the speaker, "many out-of-town people will gladly come to Oakland if proper accommodations are furnished. Therefore the urgent necessity of the immediate building of the Lakeshore Hotel."

OBJECTED TO GERMAN RECEPTION OF WITTE

MOSCOW, Aug. 31.—The Viedomosti, the learned of the reactionary press of Russia, created a sensation today by printing correspondence exchanged between a German, who holds the rank of state councillor, who is president of the monarchial party of Kiev, and Dr. von Miquel, the German charge d'affaires at St. Petersburg.

From the letters printed it appears that upon receipt of reports that Emperor William had invited Count Witte to Wilhelmshafen, that M. Uscovich, in the name of all the factions of the Russian monarchial party, telegraphed to the German emperor expressing deep regret that "such a splendid man and head of the privileged German people" should "receive a man whom the whole Russian people regarded as being the guilty author of the miseries to which the country was plunged and the provoker of the terrorism inspired by him." Several days ago M. Uscovich, according to the Viedomosti, received through Dr. von Miquel, a letter saying he had been directed by the foreign secretary to say that the telegram to the German emperor was based on misapprehension, as Emperor William had not received Count Witte and had no intention of receiving him.

PAINS

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby is One of Thousands of Cures made by Lydia E. Pinkham's Vegetable Compound.

"How many women realize that it is not the pain of nature that women should suffer so severely."

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs these periods of their terrors.

Miss Irene Crosby, of 313 Charlton Street, East Savannah, Ga., writes:

"Lydia E. Pinkham's Vegetable Compound is a true friend to women. It has been of great benefit to me, curing me of irregular and painful periods when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. She is daughter-in-law of Lydia E. Pinkham, and for twenty-five years has been advising women free of charge. Thousands have been cured by so doing.

JACK LONDON WILL NOT BE CANDIDATE

The State convention of the Socialist party meets next Monday in Telegraph hall, the local headquarters of the Socialist party, where a full State ticket will be elected.

Jack London, the well known author, will not be a candidate for governor. He will not be in the State, owing to his projected trip around the world. He says, however, that he feels confident the Socialists will elect their full ticket.

The State central committee of the party meets in Telegraph hall Sunday. This, the governing body of the party, has many important issues to discuss.

Don't Grumble when your joints ache and you suffer from rheumatism. Buy a bottle of Ballard's Snow Liniment and get instant relief. A positive cure for rheumatism, burns, cuts, contracted muscles, sore chest, etc. Mr. J. J. APARTMENT HOUSES.

Vue du Lac Apartments
Beautifully situated, overlooking Lake Merced, corner of 10-room house, centrally located, these apartments are now opened to the public for inspection. The view is unsurpassed and the great attraction will be that every apartment has plenty of light and sun. Only twelve minutes' walk from Broadway. Thirteen-steps, cars passing the door. Our Manager will be glad to select tenants only and not to take advantage of the recent calamity to charge exorbitant prices; and we will also endeavor to give the best terms and accommodations.

We have furnished or unfurnished apartments of three and four rooms with bath; servants' room separate, if desired.

Select your apartments at once and we will furnish you with a map. From now on you can apply for reservations between the hours of 10 and 12 each day, at 1070 Broadway, or from 2 to 4 each day at the Apartment. Phone Oakland 5558.

CROWD CHEERS BRYAN FROM STATION PLATFORM

Former Presidential Candidate Receives Delegation From India—
Words of Gratitude

NEW YORK, Aug. 31.—William J. Bryan left the Grand Central station on a train for Connecticut at 10:06 a. m. Today, about 100 persons were gathered on the station platform as the Bryan train pulled out and they cheered him as he departed. Mr. Bryan bowed his acknowledgments from the rear platform. A party of friends accompanied Mr. Bryan in a special car.

NEW YORK, Aug. 31.—William J. Bryan, despite the fatigue and strain of yesterday and last night, rose early this morning. He was up about 7 o'clock. Although he said he felt fine and was smiling when the newspaper men visited him, he could not dispel the look of weariness in his face brought by the strain of his reception and many incidents connected with it. Mr. Bryan was in his shirt-sleeves and slippers when he received the reporters. He was asked to give some expression of opinion regarding last night's meeting, but he said he preferred not to talk of it. It had filled his heart with emotion and was a matter so personal and dear to him that it was difficult for him to express an opinion in words. Pressed for some word to the people regarding the reception, Mr. Bryan finally said:

BIG EVENT IN LIFE.

"It would be the big event in the life of many men to face what I faced last night. I was more than pleased with the reception accorded me, but these words are insufficient. I think you know how grateful I feel for the welcome I received last night. I said so to the thousands of faces in the Garden last night and I really meant it."

Mr. Bryan said he would make no formal statement today on any subject, political or otherwise. While Mr. Bryan was talking to his early morning callers and opening mail, Mrs. Bryan came in for a few minutes and was introduced to those present. Among the callers was a delegation of natives of India headed by Pandit (Professor) Mohammed Barakatullah. They presented an address to Mr. Bryan in which they thanked him for his reference in his speech last night to British rule in India.

Mr. Barakatullah, in his address to

Mr. Bryan, said: "We, the children of Hindustan, residing in New York, respectfully approach your noble presence to offer our sincere and hearty thanks on behalf of 300,000,000 inhabitants of India for the service you have rendered that country by exposing falsehood and hypocrisy, which characterized British rule in the Indian empire. That you took the trouble of paying a visit to our afflicted fatherland and made a thorough investigation of the causes of poverty, affliction and plague—the normal conditions of the present Indian on the spot, made genuine efforts to penetrate the surface of outward glories of British administration in India, broke the veil of well organized system of subtle tyranny, rapine and plunder, and have discovered the truth about the ingenious methods of British bureaucracy at Calcutta, gave it out without partiality to the world at large, has greatly touched all Indians in this country and millions at home, across the continents and oceans."

Mr. Bryan thanked the committee and said that another time he probably would again refer to the subject in his public utterances. Just before Mr. Bryan left the hotel Victoria at 9:45 a. m., he was prevailed upon to give expression to his views on certain subjects. His remarks were brought out by a question in which he was asked if he would co-operate with Governor Folk of Missouri in a set propaganda of Democratic doctrines for the next two years.

PEOPLE MUST DO THINKING.

"I have not co-operated with anybody thus far," Mr. Bryan replied. "But I want to co-operate with everybody who holds the same views I hold, and who wishes to co-operate with me."

"The popular idea in the east is that much good results from two or three men getting together and arranging

things for the masses. I believe now, as I have always believed, that the people are capable of thinking for themselves. In that way they got the best results."

The trip from the Hotel Victoria to the Grand Central depot was made in carriages.

Mr. Bryan boarded a special parlor car attached to the 10:02 train for New Haven on the New York, New Haven & Hartford railroad. Mr. Bryan stood on the rear platform of the car and greeted a crowd numbering several hundred on the station platform. The train left at 10:06.

AT NEW HAVEN.

NEW HAVEN, Conn., Aug. 31.—William J. Bryan reached New Haven at 12:15 o'clock, the car occupied by the party being detached and set on a siding. At the station was a long line of carriages for the members of the party, and for the committee on entertainment. In and about the station, and on the nearby streets the crowd filled the walks, and a hearty round of cheers was given the arrivals. Mr. Bryan was greeted by Lieutenant-Governor Woodruff and Mayor Steadly. As soon as the carriages were filled, brass bands struck up a lively march, and the procession started across the city to the headquarters of the Democratic city committee in Chapel street.

LARGE ESCORT.

Just before the arrival of the New York train a delegation from Rhode Island, headed by ex-Governor Garvin, came from the east, so that the escort to Mr. Bryan was a considerable number. Diving to the fact that arrangements were a little behind hand, the stop at Democratic committee rooms was only for a few moments and hand-shaking was limited to a small number of the more prominent men present. Carriages were then driven into Court street, where at Music hall, the luncheon was spread.

The visit here of Mr. Bryan today was an event of more than ordinary interest, although he is no stranger to the city. Many times in the last two years and immediately prior to his trip abroad, Mr. Bryan was here to attend duties as ex-ecutor of the estate of the late Philip S. Henkle, and to appear as a party in the legal complications developed by his administration of the trust.

MASS MEETING.

The throng was made up largely of persons from the summer resorts in this vicinity. The city people turned out by the thousands at the mass meeting on the green. Trains from the East and West all the morning were crowded mostly with men who bore marks of travel as if coming from considerable distances.

CHEERED AT LUNCHEON.

As Mr. Bryan passed into the hall where he was to be entertained at luncheon, he was rousing cheered. In the gallery were many women. Trustmaster Dr. P. F. Fuller welcomed Mr. Bryan for the Democratic club, and Mayor Steadly for the city. Lieutenant-Governor Woodruff, acting vice-president, then in behalf of the state welcomed Mr. Bryan "as a distinguished American gentleman" and extended him the freedom of the commonwealth.

TO COMPLETE THE BOULEVARD

The ordinance appropriating \$10,500 for the completion of the Harrison boulevard was recommended last night by the ordinance and judiciary committee of the city council. The ordinance fixing a tax of one and one-half cents per square yard per annum on all sign-board advertising was held over, in order that the sign owners might be summoned to appear before the board. The minimum tax on bill posters fixed by the ordinance is forty dollars per year. The ordinance changing and re-establishing the grades on East Twenty-third street, between Thirtieth and Fourteenth avenues, was recommended.

NEWSPAPER MEN ON THREE-DAY OUTING

DENVER, Aug. 31.—A large party of newspaper men, delegates to the International League of Press clubs, which was concluded with a banquet last night, left here today on a mountain excursion which will last three days. Today will be spent in viewing the scenic attractions about Pike's Peak and tonight a Botanist campment will be held in the Garden of the Gods, Manitou.

BOARD DENIES AND ACCEDES

Berkeley Equalizers Refuse Some Requests and Grant Others.

BERKELEY, Aug. 31.—The reductions asked for in a number of protests against the assessor's figures were refused by the Board of Equalization at last night's meeting. On the other hand, a material increase was made in the assessment rate of certain business property.

The assessment rate on Center street and Alston way, between Shattuck avenue and Grove street, met with decided alteration. The inside property on Center street, between Shattuck avenue and Milvia street, was increased from \$100 to \$125 a front foot; Alston, between Shattuck avenue and Milvia street was increased from \$40 to \$100 a front foot, and the corner at Alston and Milvia streets from \$50 on the east side and \$60 on the west, to \$100; Alston street between Milvia and Grove streets from \$30 to \$75; and the corner at Grove and Milvia streets from \$50 to \$100. The only reduction made was at the corner of Milvia and Center streets, where the rate was reduced from \$150 to \$125 per front foot.

REQUEST DENIED.

John W. Havens, made twenty-four separate protests, the total property valuation protested being \$465,535, on which he asked a reduction of from ten to thirty per cent. All these protests were read and considered, and a blanket motion made and carried to deny them all. The rate of assessment in many cases protested by Havens, it was declared, will be increased. Trustees FAVOR, Ferrier, Olsen and Shad were in attendance at the meeting, the latter as president pro tem, and they worked from 8:30 to 12:30 on the big pile of protests which had accumulated from the various meetings previous, when they had been taken under advisement.

The petition for reduction of the assessment on the Odd Fellows property was again considered, but no action was decided upon. J. J. Streight appeared for the Odd Fellows Association, and stated that if the increase in the property assessment rate from \$7000 to \$22,075 was sustained it would strike at the home of seventeen fraternal organizations. Last year, with the assessment rate and the insurance rate both much lower, the association went into debt to maintain its hall, which has not brought a cent of dividends to the stock holders in the twenty-two years the hall has been built. The board promised if possible to find some way to reduce the assessment.

OTHER ASSESSMENTS.

The assessment of \$12,000 on Mrs. H. K. D. Palmer's property on Piedmont way was reduced to \$10,500, or from \$80 to \$70 a foot.

The assessment charged to H. D. Smith for a small lot wholly enclosed and cut off from frontage, was reduced from \$6250 to \$3000 as requested. The protest of John Hinkle for an assessment rate of \$75 for 150 foot frontage on Channing way, between Telegraph and College avenues, was taken under consideration. He asked that it be reduced from \$11,250 to \$7500.

The assessment of \$15,000 on the frontage of 300 feet covered by the lumber yard on Addison street, between Grove and Milvia streets, was protested by F. W. Poss, who asked to have it reduced to \$12,000. Denied.

S. N. Wycoff protested the assessment of \$2750 on his fifty-five foot frontage on Bancroft way, asking that it be reduced to \$40 a front foot. Denied.

The protest of Mrs. Mary E. Wall of 1738 Alcatraz avenue, against an assessment of \$2500 was taken under advisement.

A petition of Celia A. White to have her personal property assessment reduced from \$1000 to \$600 was denied.

BREAKS HOT RECORD.

LONDON, Aug. 31.—The last day of August is breaking all records for heat in this country. The thermometer registered 82 degrees in the shade and 129 in the sun. No prostrations were reported.

The heat in England in general is so intense that in some places the judges presiding over the dignified county courts are reported to be dispensing justice in their shirt sleeves.

COURT SETS ASIDE HOME FOR ANDREWS

Although defeated in his attempt to break the will of his late wife, Margaret Andrews of Alameda, James Andrews was successful today in his effort to have the residence of his deceased spouse on the island set aside to him as a homestead. In making the order for this, however, Judge Melvin restricted the length of the homestead to six months, the shortest time allowable under the law. Andrews' application for the homestead was opposed by the executors of the will.
